When he discovers that she is a young lady in great danger from Kilver, he determines to save her, or she will live a life of misery. Tricia falls in love with her Duke, so to help him, she enacts clever hi-jinks, trying to rid him of two wicked society women who scheme to get their hooks into him. [Becoming Your Own Hero](#) - Jordan Paul 2003

Our most revered heroes, such as Jesus, Gandhi and Martin Luther King, distinguished themselves by their ability to remain true to themselves even when facing adversity.

Whenever we exhibit this kind of integrity we feel like our own hero, writes Dr. Jordan Paul in his latest book, **BECOMING YOUR OWN HERO**. It is available to us all but, he adds, even our inspirational heroes usually have not shown us the way to apply this principle in our close interpersonal relationships.

Now, Dr. Paul, co-author of the national best-seller, *Do I Have to Give Up Me to Be Loved by You?*, fills this gap. By showing us how to respond to difficulties in ways that do not compromise our own integrity or that of others, he provides a guide to finding greater fulfillment in relationships with ourselves, significant others, children, friends, and co-

A Hero of Our Time - Mikhail Lermontov 2015-09-04

A Novel About Opposites "In the first place, [his eyes] never laughed when he laughed.

Have you ever noticed this peculiarity some people have?

It is either the sign of an evil nature or of a profound and lasting sorrow." - Mikhail Lermontov, A Hero of Our Time

'The Hero of Our Time',

Grigory Alexandrovich Pechorin is actually a traditional antihero who destroys the life of others around him. He is a 19th-century Casanova who can't find peace and happiness, often contemplating on the meaning of life and destiny. His story is seen through many eyes: a fellow brother-in-arms, the narrator and ultimately Pechorin himself. How will he end up: as a misunderstood hero or as a vile villain? BOOK 1 of the New Heroes Series a Superhero Fantasy set in an Alternate Modern Philippines! KARLA has always loved Superheroes. Always watching the news on local crime fighters who fly around the capital and save the day. Now if they were only inspiring enough to help her power through her first year at New Hero University, a mysterious school no one seems to know about, tucked away in a city by a mountain. What Karla didn't count on was that she enrolled

in a school exclusively for superhumans-care of an elaborate scheme made by the country's superhuman government, The Organization. Suddenly, Karla is caught between being the girl of a prophecy meant to either bridge the secret world of superhumans with the non-supers, or be a threat of destruction to all. But she doesn't even have any powers yet. As if all that wasn't hard enough, she's a fumbling mess in the presence of her crush, Andre. ANDRE already expected that at the very least his Junior year at New Hero University will be anything but static. After being appointed stand-in leader of Blue Team and getting dumped by his long-time girlfriend, he's at an all-time low. But when a new mission involves protecting the prophecy girl and ensuring she doesn't discover the truth of why she's there, he finds out he's the last person anyone should trust near someone that important. Especially with his difficulty controlling electric abilities. But Karla seems to

have this strange tendency to wander into his corner. Soon a significant connection between the two leads the Head of the Organization to believe that maybe Andre had something important to do with the prophecy of Heroes as well. Together, they must work to ensure the safety of all worlds, super or not.

*Hero of my Heart* - Kat Bammer

Twenty years ago, Richard broke her trust and shattered her heart. Now the first boy Dorothy ever loved is back as the new, too-sexy-for-his-own-good sheriff in town. He's as heart-stopping as the mountains and lake outside his new home in Moon Lake. But she isn't the head-over-heels-in-love girl anymore. No, sir. Not that she cares about him anyway, or would ever let him close enough to hurt her again. But one night sharing the same bed turns into so much more... And getting her heart broken becomes a real possibility. One big mistake had haunted Richard for the better part of his adult life and military

career. He'd hurt the girl he loved and destroyed their friendship. Now he's back and their lives and shared circle of friends draw them closer. And she's still the most beautiful woman he's ever met. Inside and out. But now she deserves to call the shots. Even though being close to her, long-buried feelings intensify, and keeping his professional distance soon becomes impossible. Then she squares off with a gang leader, and his protective instincts skyrocket. Not touching her isn't an option. Keeping her safe and earning her trust become his top priorities. Will she give him a second chance? And is he the man she truly deserves?

the better. In life, everyone has their own battles. Sometimes the battle itself is not hard but the result and your reaction can become a superior and more grueling battle. It is how you rise from life's battles that shapes you. Your character, personality, your outlook of life, how you will react and fight the next battle, the legacy that you will leave behind. Not everyone's story gets told, but those that do can become a lesson for us all only if we allow them to. Everyone has a story. This is the story of Sergeant Danielle Weston. How she became the hero of Hansen Christian School. The people in her life that encouraged her pushed her and helped her realize her potential and preserve her faith. Read the story about how she rose from her battles in life and became who she is... The Hero In Her Own Heart. *Odysseus, Hero of Practical Intelligence* - Jeffrey Barnouw 2004

In dramatic representations and narrative reports of inner deliberation the Odyssey

displays the workings of the human mind and its hero's practical intelligence, epitomized by anticipating consequences and controlling his actions accordingly. Once his hope of returning home as husband, father and king is renewed on Calypso's isle, Odysseus shows a consistent will to focus on this purpose and subordinate other impulses to it. His fabled cleverness is now fully engaged in a gradually emerging plan, as he thinks back from that final goal through a network of means to achieve it. He relies on "signs"-inferences in the form "if this, then that" as defined by the Stoic Chrysippus-and the nature of his intelligence is thematically underscored through contrast with others' recklessness, that is, failure to heed signs or reckon consequences. In Homeric deliberation, the mind is torn between competing options or intentions, not between "reason" and "desire." The lack of distinct opposing faculties and hierarchical organization in the Homeric mind, far from

archaic simplicity, prefigures the psychology of Chrysippus, who cites deliberation scenes from the Odyssey against Plato's hierarchical tri-partite model. From the Stoics, there follows a psychological tradition leading through Hobbes and Leibniz, to Peirce and Dewey. These thinkers are drawn upon to show the significance of the conception of "thinking" first articulated in the Odyssey. Homer's work inaugurates an approach that has provoked philosophical conflict persisting into the present, and opposition to pragmatism and Pragmatism

can be discerned in prominent critiques of Homer and his hero which are analyzed and countered in this study.
