**Al - Hidayah (The Guidance)** - Burhan Ad-Din Al-Farghani Al-Marghinani 2020-10-13

The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslims jurist to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifa (d 150H/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated into English by Charles Hamilton in 1791. Around 70 huge commentaries, some spread over more than a dozen volumes have been written on it. The number of explanatory glosses is in thousands. Comprehensive in content and conveniently organized, with the publication of this all previous works

that discussed Islamic jurisprudence according to the Hanafi law become outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of the Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written. The author, Shaykh Al Islam, Burhan Al-Din Marghanani (d 593 AH/ 1197 CE) was considered to be the leading jurist of the Muslim world in his times. "The hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straight forward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The hidayah is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. This the translator has provided through this valuable notes" Dr Mohammad Akram Nadwi, research fellow, Oxford centre for Islamic studies, Oxford

**Muslims Under Non-Muslim Rule** - Ahmad ibn 'Abd al-Halim Ibn Taymiyah 2006-01-01

RSS, School Texts and the Murder of Mahatma Gandhi - Aditya Mukherjee 2008-08-05

RSS, School Texts and the Murder of Mahatma Gandhi undertakes the novel experiment of juxtaposing three apparently quite different issues, the nature of the RSS school textbooks, the murder of the Mahatma and the basic ideology of Savarkar and Golwalkar. While deeply delving into all three aspects, it brings out the deep connection between them. The book, which brings out the basic ideological underpinnings of the Hindu Communal Project, is divided into three parts. Part I discusses how this ideology is propagated among young impressionable minds through school textbooks. Part II studies the role of the Sangh combine in the murder of Mahatma Gandhi and Part III analyses the basic elements of the Hindu communal ideology, as propounded by some of its founders like Savarkar and Golwalkar. The book brings home to us in a dramatic manner the great threat communalism poses to our society, thus making it a must-read for the general educated reader, including politicians, political workers, social activists and journalists.

*Ancient India* - Upinder Singh 2021

In *Ancient India: Culture of Contradictions*, one of India's most distinguished historians takes readers on an exhilarating voyage of discovery into the distant past. Upinder Singh urges us to abandon simplistic stereotypes and instead think of ancient India in terms of the coexistence of five powerful contradictions-between social inequality and promises of universal salvation, the valorization of desire and detachment, goddess worship and misogyny, violence and non-violence, and religious debate and conflict. She does so using a vast array of sources including religious and philosophical texts, epics, poetry, plays, technical treatises, satire, biographies, and inscriptions, as well as the material and aesthetic evidence of archaeology and art from sites across the subcontinent. Singh's scholarly but highly accessible style, clear explanation, and balanced interpretations offer an understanding of the historian's craft and unravel the many threads of what we think of as ancient Indian culture. This is not a dead or forgotten past but one invoked in different contexts even today. Further, in spite of enormous historical changes over the centuries, the contradictions discussed here still remain. Beautifully written, deeply original, and profusely illustrated with masterpieces of ancient, medieval, and modern art, the book brings to life the rich complexity of ancient India and its connections with the present in a vivid and compelling manner.

**Thirsty Cities** - Selina Ho 2019-01-10

Why does authoritarian China provide a higher level of public goods than democratic India? Studies based on regime type have shown that the level of public goods provision is higher in democratic systems than in authoritarian forms of government. However, public goods provision in China and India contradicts these findings. Whether in terms of access to education, healthcare, public transportation, and basic necessities, such as drinking water and electricity, China does consistently better than India. This book argues that regime type does not determine public goods outcomes. Using empirical evidence from the Chinese and Indian municipal water sectors, the study explains and demonstrates how a social contract, an informal institution, influences formal institutional design, which in turn accounts for the variations in public goods provision.

**Being Muslim in South Asia** - Robin Jeffrey 2014-04-17

This book contributes to the rich recent scholarship on contemporary Islam in South Asia. It provides insights into the controversies of the past 150 years over how South Asian Muslims ought to respond to the challenges of modernity and Western imperialism. Though such contests

of ideas began with a few intellectuals, their consequences flowed through to touch the lives of ordinary people. The book also traces the processes, in train since British times, that have created large social categories out of diverse, dispersed communities. In the past, such communities shared only a common devotion, a sacred book and the duties the book enshrined. This volume highlights the diversity of peoples and practices among South Asians who follow Islam. Readers learn about aspects of those practices in the resolution of disputes, the education of children, the marriage of offspring and the recreations of leisure time. The book does not underplay the violence, oppression and uncertainty that Muslims of South Asia too often face in recent times. The essays of Irfan Ahmad and Khaled Ahmed focus on these sombre aspects. Overall, the book invites readers to contemplate the diverse daily lives of the more than 500 million people who are Muslims in South Asia.

**Delhi By Heart** - Raza Rumi 2013-04-30

A sensitively written account of a Pakistani writer's discovery of Delhi. Why, asks Raza Rumi, does the capital of another country feel like home? How is it that a man from Pakistan can cross the border into 'hostile' territory and yet not feel 'foreign'? Is it the geography, the architecture, the food? Or is it the streets, the festivals and the colours of the subcontinent, so familiar and yes, beloved... As he takes in the sights, from the Sufi shrines in the south to the markets of Old Delhi, from Lutyens' stately mansions to Ghalib's crumbling abode, Raza uncovers the many layers of the city. He connects with the richness of the Urdu language, observes the syncretic evolution of mystical Islam in India and its deep connections with Hindustani classical music - so much a part of his own selfhood. And every so often, he returns to the refuge of Hazrat Nizamuddin Auliya, the twelfth-century pir, whose dargah still

reverberates with music and prayer every evening. His wanderings through Delhi lead Raza back in time to recollections of a long-forgotten Hindu ancestry and to comparisons with his own city of Lahore - in many ways a mirror image of Delhi. They also lead to reflections on the nature of the modern city, the inherent conflict between the native and the immigrant and, inevitably, to an inquiry into his own identity as a South Asian Muslim. Rich with history and anecdote, and conversations with Dilliwalas known and unknown, Delhi By Heart offers an unusual perspective and unexpected insights into the political and cultural capital of India.
