Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But ~~there~~ [downloaded from blog.nitalakelodge.com](http://blog.nitalakelodge.com)

awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? For years, Nina Shoroplova has wandered through Vancouver's urban forest and

the multitude of tree species that flourish there. In Legacy of Trees, Shoroplova tours Stanley Park's seawall and beaches, wetlands and trails, pathways and lawns in every season and every type of weather, revealing the history and botanical properties of each tree species. Unlike many urban parks, which are entirely cultivated, the area now called Stanley Park was an ancient forest before Canada's third-largest city grew around it. Tracing the park's Indigenous roots through its colonial history to its present incarnation as the jewel of Vancouver, visited by eight million locals and tourists annually, Legacy of Trees is a beautiful tribute to the trees that shape Stanley Park's evolving narrative.

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town of Rex had

Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

On Mount Hood Jon Bell
2013-04-23 "On Mount Hood is a contemporary, first-person narrative biography of Oregon's greatest mountain, featuring stories full of adventure and tragedy, history and geology, people and places, trivia and lore. The mountain itself helps create the notorious Oregon rains and deep alpine snows, and paved the way for snowboarding in the mid 1980s. Its forests provide some of the purest drinking water in the world, and its snowy peak captures the attention of the nation almost every time it wreaks fatal havoc on climbers seeking the summit. On Mount Hood builds a compelling story of a legendary mountain and its impact on the people who live in its shadow, and includes interviews with a forest

activist, a volcanologist, and a para-rescue jumper. Jon Bell has been writing from his home base in Oregon since the late 1990s. His work has appeared in Backpacker, The Oregonian, The Rowing News, Oregon Coast, and many other publications. He lives in Lake Oswego, OR."

Into the Wild Jon Krakauer
2009-09-22 Krakauer's page-
turning bestseller explores a
famed missing person mystery
while unraveling the larger
riddles it holds: the profound
pull of the American wilderness
on our imagination; the allure
of high-risk activities to young
men of a certain cast of mind;
the complex, charged bond
between fathers and sons.
"Terrifying... Eloquent... A
heart-rending drama of human
yearning." —New York Times
In April 1992 a young man
from a well-to-do family
hitchhiked to Alaska and
walked alone into the
wilderness north of Mt.
McKinley. He had given
\$25,000 in savings to charity,
abandoned his car and most of
his possessions, burned all the
cash in his wallet, and invented
a new life for himself. Four
months later, his decomposed
body was found by a moose
hunter. How Christopher

Johnson McCandless came to
die is the unforgettable story of
Into the Wild. Immediately
after graduating from college
in 1991, McCandless had
roamed through the West and
Southwest on a vision quest
like those made by his heroes
Jack London and John Muir. In
the Mojave Desert he
abandoned his car, stripped it
of its license plates, and
burned all of his cash. He
would give himself a new
name, Alexander Supertramp,
and, unencumbered by money
and belongings, he would be
free to wallow in the raw,
unfiltered experiences that
nature presented. Craving a
blank spot on the map,
McCandless simply threw the
maps away. Leaving behind his
desperate parents and sister,
he vanished into the wild. Jon
Krakauer constructs a
clarifying prism through which
he reassembles the disquieting
facts of McCandless's short
life. Admitting an interest that
bordered on obsession, he
searches for the clues to the
drives and desires that
propelled McCandless. *Writen from*

McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising

pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.
