Brothers were the masters of vaudeville. Originally masters of the stage, they conquered almost every medium, creating memorable sketches and classic movies such as Duck Soup, The Cocoanuts and A Night at the Opera - all of which still find their way into top comedy movie lists! Household names to this day, the Marx Brothers left an indelible mark on the comedy scene and worked with some of the most famous names of the day; including Marilyn Monroe and Charlie Chaplin! Here, in a fully revised and updated edition, is the meticulously researched guide to their lives and careers, covering all of their movies, guest appearances, stage shows and television features!

**Slam! Wrestling** Greg Oliver 2012-11 Founded by Greg Oliver and John Powell, SLAM! Wrestling (<http://slam.canoe.ca/Slam/Wrestling/home.html>) changed the way North America's true favorite pastime was presented on the web. With the backing of Sun Media and Canoe, SLAM!

Wrestling brought pure journalism to the muddy waters of the pro wrestling media coverage. Never in the Internet Age had the squared circle been viewed with a keen eye by reporters and analysts who broke down the philosophy of wrestling and feted its legends, while also not being afraid to show the very human side of the locker rooms that are hidden from the plain eye inside the world's biggest arenas. "SLAM! Wrestling" takes readers on a journey through SLAM! Wrestling's first dozen years and the often all - too real world of professional wrestling. From WWE to the independent leagues that dot North America's landscape, "SLAM! Wrestling" gives the unique view of the reporter's eye as history unfolds, including interviews with "Stone Cold" Steve Austin, John Cena, "The Rock" Dwayne Johnson, Trish Stratus and many others. Plus, for the first time ever, SLAM! Wrestling's writers take you behind the scenes and share their insights into what made the site stand out.

*Love Your Sister* Samuel Johnson 2014-10-28 Shortlisted for the ABIA Award (Biography of the Year) 2015 A searingly honest memoir of family, cancer, love ... and unicycles by the founders of the Love your Sister charity, Connie and Samuel Johnson, that will inspire and they hope get people talking about boobs! Born a year apart, Connie and Samuel Johnson have always been close. Faced with the devastating news that they would soon be separated forever, they made a decision. After already surviving cancer twice in her young life, at 33 Connie was diagnosed with breast cancer. But this time it was a whole different ball game. This time she was told

she will die, leaving behind her two sons. As a young mum faced with her own death, Connie wanted to make it all less meaningless, and she knew just the way to do it - send her brother, Sam, on a one-wheeled odyssey around Australia. The aims: to break the world record for the longest distance travelled on a unicycle. To raise \$1 million for the Garvan Research Foundation. And, most importantly, to remind women to be breast aware and stop others having to say goodbye to those they love. Their message is simple: 'Don't fall into the booby trap.' Samuel has travelled through every state and ridden more than 150,000 kilometres to raise awareness and raise research dollars. But Connie had a secret fourth aim: to fix Samuel. And it worked. Sam cleared his diary, cleaned himself up and tenaciously kept his promise to his dying sister. For them the job isn't over. They are determined to raise more money for research. Connie vows to fight until her dying day and Sam says *One fight from*

the greater Yellowstone area and their fight for survival. In *Wolves: Western Warriors*, the life of the powerful and majestic North American wolf, often considered to be vermin and dangerous, is presented, showing the struggle they have to simply survive in the wild and in a world where many people don't appreciate wolves and often set out to exterminate them. Argyle explores their behavior, their family dynamics, and what it means to be a wolf in the wilderness of the greater Yellowstone area through her stunning photography. She includes information about the reintroduction of wolves to Yellowstone and the ongoing struggle with keeping wolves listed as endangered species, while also offering her personal observations about the Wapiti Lake pack, among others, and several notable individual wolves. The strikingly beautiful images and the information and stories woven throughout the pages of the book showcase this frequently misunderstood, yet completely incredible

species. "If you talk to the animals they will talk with you and you will know each other. If you do not talk to them you will not know then and what you do not know, you will not fear. What one fears, one destroys." — Chief Dan George, Tsleil-Waututh Nation, British Columbia, Canada.

lose weight, prevent disease,  
improve your digestion, and  
renew your youth by taking  
advantage of dietary collagen.  
Today, interest in dietary  
collagen is growing at an  
astounding rate, and with good  
reason. The benefits of a  
collagen-rich diet are  
remarkable, ranging from  
better weight control to  
enhanced digestion, clearer
