[Wyatt Earp 156 - Western](#) William Mark 2017-10-17 "Vor seinem Colt hatte selbst der Teufel Respekt!" (Mark Twain) Der Lieblingssatz des berühmten US Marshals: "Abenteuer? Ich habe sie nie gesucht. Weiß der Teufel wie es kam, dass sie immer dort waren, wohin ich ritt." Diese Romane müssen Sie als Western-Fan einfach lesen! Bleigraue Dämmerung lastete über dem Straßengewirr des westlichen Stadtteils von St. Louis. Durch eine

der engen Gassen, die von Maplewood hinunter zum Fluß führten, schlenderte ein Mann. Er war mittelgroß, hatte eine leicht vornübergebeugte Haltung, und sein Kopf war etwas der linken Schulter zugewendet. Er trug einen grauen Anzug und ein helles Hemd. Die Hände hatte er tief in die Hosentaschen vergraben. Unter dem schmalen Rand seines Boston-Hutes blickte krauses braunes Haar hervor. Während er so die Gasse hinunterging, piff er leise vor sich hin. Es war nichts Besonderes an diesem Mann. Und doch war er an diesem 21. September 1884 der bekannteste Mann von ganz St. Louis – obgleich niemand seinen Namen wußte. Die Polizei der großen Mississippi-Stadt suchte ihn seit dem 13. August dieses Jahres wie eine Stecknadel in einem Heuhaufen. Am 13. August nämlich war ein Stadtteil Wellston, am Nordrand von St. Louis, die neunzehnjährige Ilona Wycam ermordet worden. Die Bluttat hatte die ganze Stadt erschüttert, da die blonde Ilona erst zwei Tage zuvor den bekannten Schiffsbauer John Wycam geheiratet hatte. Niemand wußte, warum die junge Frau getötet worden war, und niemand begriff es. Dreizehn Tage später, am 26. August, wurde die vierundzwanzigjährige Leslie Billinger ermordet. Auch sie war eine schöne Frau gewesen und erst seit einem knappen Jahr mit dem Holzhändler Frank Billinger verheiratet.

Doing School Denise Clark Pope 2008-10-01 This book offers a highly revealing and troubling view of today's high school students and the ways they pursue high grades and success. Denise Pope, veteran teacher and curriculum expert, follows five motivated and successful students through a school year, closely shadowing them and engaging them in lengthy reflections on their school experiences. What emerges is a double-sided picture of school success. On the one hand, these students work hard in school, participate in extracurricular activities, serve their communities, earn awards and honours, and appear to uphold school values. But on the other hand, they feel that in order to get ahead they must compromise their values and manipulate the system by scheming, lying, and cheating. In short, they do school, that is, they are not really engaged with learning nor can they commit to such values as integrity and community. The words and actions of these five students - two boys and three girls from diverse ethnic and socioeconomic backgrounds - underscore the frustrations of being caught in a grade trap that pins future success to high grades and test scores. Their stories raise critical questions that are too important for parents, educators, and community leaders to ignore. Are schools cultivating an environment that promotes intellectual curiosity, cooperation, and integrity? Or are they fostering anxiety, deception, and hostility? Do today's schools inadvertently impede the very values they claim to embrace? Is the success that current assessment practices measure the kind of success we want for our children?

Only in Whistler Stephen Vogler 2009 For several weeks in February, the eyes of the world will be on Whistler, BC, as it hosts

the 2010 Olympic Winter Games and the appetite for a story to go with the place will be extreme. Stephen Vogler has that story, and in this book he tells it fully for the first time. Vogler is one of those rare Whistlerites who actually grew up in Whistler and he has for some years been running a one-man crusade as writer, broadcaster and author of books to prove his hometown is not only a bona fide community, but a uniquely interesting one. Whistler begins in the days when the town had a mere 500 year-round residents who referred to weekend visitors as "turkeys" or "gorbies." His parents were old-school European alpinists who had given up a comfortable life in Vancouver so they could teach their children how to yodel and schuss in an appropriate setting. People like them, with names like Ples and Wilhelmsen, had developed the ski hill in the 1960s and together formed one of Whistler's founding cultures. The other founding culture was a swarming, partying mass of snow-hippies who lived rent-free in rough squatters' shacks and liked marijuana as much as they didn't like wearing clothes. Their "high" spirits melded with the soberer tradition of the transplanted Tyroleans to produce a hybrid "only in Whistler" character that is equally devoted to serious skiing and unserious living. It was no accident that the first Whistlerite to win an Olympic gold medal also tested positive for cannabis, and successfully defended himself by arguing that just breathing the air in his hometown was enough to put him over the limit. If anybody doubts that story, they won't after reading *Only in Whistler: Tales of a Mountain Town*.

Picasso Blues Lee Lamothe 2011-10-24 More than a whodunit detective story, *Picasso Blues* is a gripping tale of missed opportunities and hidden desires set amid rampant cynicism, fear, and deadly danger. In this sequel to *Free Form Jazz*, Ray Tate and Djuna Brown are reunited in a city being ripped apart by fear, paranoia, and racism. With the police force decimated by a SARS-like disease, Tate and Brown are assigned to a task force targeting a series of murders that seem to be racially motivated. As the city riots around them, can they fashion a future for themselves in their dreamland of bohemian Paris? Far more than a whodunit detective story, *Picasso Blues* is the gripping tale of a civil society that flirts with anarchy a society where the very defenders of order risk losing themselves to chaos.
