biology atp alternate to practical detailed notes and paper

biology alternate to practical is an easy paper if approached and worked upon properly here are some of the key tips to remember in the paper when presenting any data make sure you have

added the right units students lose marks for missing out the units if you are presenting any sequential data use may use tables for it

vacuum wikipedia

a vacuum is a space devoid of matter the word is derived from the latin adjective vacuus for vacant or void an approximation to such vacuum is a region with a gaseous pressure much less than atmospheric pressure physicists often discuss ideal test results that would occur in a perfect vacuum which they sometimes simply

call vacuum or free space and use the term
