Whistler's Mother Daniel E. Sutherland 2018-03-27 Discover the extraordinary woman behind one of the most famous images of motherhood in Western art Judged by the portrait Arrangement in Gray and Black No. 1 (1871), painted by her son James McNeill Whistler, Anna Whistler (1804-1881) appears to have been a pious, unassuming, domestic woman. This characterization, however, is far from the whole truth. Anna was born in the slaveholding South, raised principally in Brooklyn, New York, and resided for many years in both Russia and Great Britain, and her life was filled with adventure and excitement. The authors' unprecedented use of her private diaries and correspondence results in a crisp biographical rendering that reveals a resilient, vibrant, bright, and deeply engaged woman. In her writings, Anna made shrewd observations about the social, cultural, artistic, and political issues of her era, which was one of enormous and near-constant change. She knew and interacted with an astonishing array of people, from Russian peasants and American farmers to Robert E. Lee and Giuseppe Mazzini. She also raised one of the finest artists of the nineteenth century. As her son made his way in the art world, Anna became his unofficial agent, promoting his work, managing his finances, and advising him on the best opportunities for success. That he, in turn, should immortalize her as a global celebrity and international icon of motherhood was only appropriate.

Schelling's Theory of Symbolic Language Daniel Whistler 2013-03-28 This study reconstructs F.W.J. Schelling's philosophy of language based on a detailed reading of §73 of Schelling's lectures on the Philosophy of Art. Daniel Whistler argues that the concept of the symbol present in this lecture course, and elsewhere in Schelling's writings of the period, provides the key for a non-referential conception of language, where what matters is the intensity at which identity is produced. Such a reconstruction leads Whistler to a detailed analysis of Schelling's system of identity, his grand project of the years 1801 to 1805, which has been continually neglected by contemporary scholarship. In particular, Whistler recovers the concepts of quantitative differentiation and construction as central to Schelling's project of the period. This reconstruction also leads to an original reading of the origins of the concept of the symbol in German thought: there is not one 'romantic symbol', but a whole plethora of experiments in theorising symbolism taking place at the turn of the nineteenth century. At stake, then, is Schelling as a philosopher of language, Schelling as a systematiser of identity, and Schelling as a theorist of the symbol.

The Woman in White Margaret F. MacDonald 2020-11-24 A fascinating look at the partnership of artist James McNeill Whistler and his chief model, Joanna Hiffernan, and the iconic works of art resulting from their life together "[A] lavish volume. . . . Illuminating. . . . MacDonald's deep research has . . . unearthed important new facts."—Gioia Diliberto, Wall Street Journal In 1860 James McNeill Whistler (1834–1903) and Joanna Hiffernan (1839–1886) met and began a significant professional and personal relationship. Hiffernan posed as a model for many of Whistler's works, including his controversial *Symphony in White* paintings, a trilogy that fascinated and challenged viewers with its complex associations with sex and morality, class and fashion, academic and realist art, Victorian popular fiction, aestheticism and spiritualism. This luxuriously illustrated volume provides the first comprehensive account of Hiffernan's partnership with Whistler throughout the 1860s and 1870s—a period when Whistler was forging a reputation as one of the most innovative and influential artists of his generation. A series of essays discusses how Hiffernan and Whistler overturned artistic conventions and sheds light on their interactions with contemporaries, including Gustave Courbet, for whom she also modeled. Packed with new insights into the creation, marketing, and cultural context of Whistler's iconic works, this study also traces their resonance for his fellow artists, including Dante Gabriel Rossetti, Edgar Degas, John Singer Sargent, and Gustav Klimt.

Slumach's Gold Rick Antonson 2011-03-01 *Slumach's Gold* chronicles what is possibly Canada's greatest lost-mine story. It searches out the truth behind a Salish man's hanging for murder in 1891 and tracks the intriguing legend about him that grew after his death. It was a legend that turned into a drama of international fascination when Slumach—the hanged criminal—was mysteriously linked to gold nuggets “the size of walnuts.” The stories claimed that Slumach had placed a curse on a hidden motherlode to protect it from interlopers and trespassers just before he plunged to his death “at the wrong end of a five-strand rope.” Although many have attempted to find Slumach's gold over the past 100 years, following tantalizing clues that are part of the legend itself, none have succeeded—or have they? Rick Antonson, Mary Trainer and Brian Antonson have diligently sifted through history and myth, separating fact from fiction, but leaving the legend intact—along with the promise of gold yet to be found by some future gold seeker.
