The Retreat from Moscow William Nicholson
2010-05-26 How well do we know the people we marry? Is it wrong to decide it's time to be honest? Is love enough to save a family? In The Retreat from Moscow, William Nicholson, the celebrated author of Shadowlands, tells the powerful story of a husband who decides to be truthful in his marriage, and of the wife and son

whose lives will never be the same again. Edward and Alice have been married for thirty-three years. He is a teacher at a boys school, perfectly at home with his daily crossword and lately engrossed in reading about Napoleon's costly invasion of Moscow. She is an observant Catholic, exacting and opinionated, and has been collecting poems about lost love for a new anthology. Jamie, their diffident thirty-two year

old son, is visiting for the weekend when Edward announces he has met another woman. With the coiled intensity of Tom Stoppard's *The Real Thing* and the embracing empathy of Edward Albee's best family dramas, *The Retreat from Moscow* shines a breathtakingly natural light on the fallout of a shattered marriage.

Film Festivals Marijke de Valck 2016-02-26 The last decade has witnessed an explosion of interest in film festivals, with the field growing to a position of prominence within the space of a few short years. *Film Festivals: History, Theory, Method, Practice* represents a major addition to the literature on this topic, offering an authoritative and comprehensive introduction to the area. With a combination of chapters specifically examining history, theory, method and practice, it offers a clear structure and systematic approach for the study of film festivals. Offering a collection of essays written by an international range of established scholars, it discusses well-known film festivals in

Europe, North America and Asia, but equally devotes attention to the diverse range of smaller and/or specialized events that take place around the globe. It provides essential knowledge on the origin and development of film festivals, discusses the use of theory to study festivals, explores the methods of ethnographic and archival research, and looks closely at the professional practice of programming and film funding. Each section, moreover, is introduced by the editors, and all chapters include useful suggestions for further reading. This will be an essential textbook for students studying film festivals as part of their film, media and cultural studies courses, as well as a strong research tool for scholars that wish to familiarize themselves with this burgeoning field.

Thirteen Years Fostered Casey Hardman
2020-12-10 Too many children are placed within the foster system all across the world. This book is based on the life of just one of those children.

There are many circumstances that lead a child to be removed from their home life. Not one child has the same experience, and not one of them is brought into the world with the same variables. Each experience deserves to be told, one by one. Some people get to the point that shows how unprepared they are to parent a child. With those issues only growing with time, it affects their child. The foster system gets notified, although not always when they should, and the child is removed in hopes of a better home life, which is not always the case. With so many different adults in one's life, it can at times become difficult with so many varying opinions and views on how one should behave and live. The proposed idea of foster care is definitely needed, but the problem lies with the people who aren't prepared to deal with these children. Already coming from troubled homes, the children need extra care, patience, and attention. It's the responsibility of the foster parents and caseworkers, regardless of their

caseloads, to give each child the care they deserve and are promised while being taken from their homes. These children need and rely on help in order to grow within society so they can build a life away from the wrongs in the world.

The Moon Pool A. Merritt 2004 One of the most gripping fantasies ever written, The Moon Pool embodies all the romanticism and poetic nostalgia characteristic of A. Merritt's writings. Set on the island of Ponape, full of ruins from ancient civilizations, the novel chronicles the adventures of a party of explorers who discover a previously unknown underground world full of strange peoples and super-scientific wonders. From the depths of this world, the party unwittingly unleashes the Dweller, a monstrous terror that threatens the islands of the South Pacific. Although Merritt did not invent the lost world novel, following in the footsteps of Sir Arthur Conan Doyle, Burroughs and others, he greatly elaborated upon that tradition. This new edition includes a biography of the author, and an introduction detailing Merritt's many sources and influences, including the occult, mythological, and scientific discourses of his day.

The 31st June Lorice Lazarus 2005-05-01 Esther Newlyn is a middle-aged divorcée. Her future is decided when she sees Catherine Smith, a young attractive woman, commit suicide by jumping in front of an oncoming underground train. Esther tries to save her but fails and only manages to grab the girl's Marks & Spencer carrier bag. The bag contains clues as to why Catherine felt compelled to end her life. Some keys, a photograph, £2,000 in cash, an office address and many pages printed on a computer. Esther decides she owes it to Catherine to find out why this beautiful girl committed suicide and this she does, with unexpected results, which change her own humdrum life forever. She meets Catherine's mother, a dry empty woman unable to come to terms with this second tragedy in her life. And Maggie, Catherine's adventurous teenage sister, ready to experiment with drugs although her brother, Freddie, had died of a

heroin overdose. Esther obtains a job in Catherine's office, her first for many years, and finds herself in a world of vicious landlords and victimised tenants. Her work on the computer leads to the discovery of Catherine's diary, secreted in a document, dated The 31st June, through which Catherine pours out her misery, telling of her lover's tyranny, an abortion and drug running. Other central characters are Esther's mother, Blanche, who lives with her, a feisty, manipulative old lady; Cheryl, who worked with Catherine, an upfront working class girl, determined to make the most of herself; and her black boyfriend Lloyd, a smalltime soft drugs dealer, looking for an easy life. They are all drawn into Esther's search for the reasons behind Catherine's suicide and the horrible, inevitable steps that led to her degradation and death. The story is set in North London in the present day. Esther's adventure changes her life. She finds herself in situations she never dreamed of and her success gives her a

newfound confidence. She learns to understand and cope better with her mother and comes to terms with her own latent racism. Esther is drawn into crime herself in her determination to discover the truth. She and Lloyd form an unlikely alliance. Blanche is also enriched by her acquaintance with Lloyd. He cooks her delicious Caribbean food (which becomes quite a feature in the story) and brings humour and excitement into her dull existence. Only Catherine's family are left with a sorrow which will never go away.

----- "Dianne is a wonderful teacher with a voice and a message that's absolutely needed not only in the yoga community but also in the world. I'd go as far as to say that this book is the most important yoga book released this year. This book smashes the myth of the thin, able-bodied yogi and provides a safe introduction to the art of yoga in a way that's accessible to all. Yoga is for everyone!" - Rachel

Brathen, author of Yoga Girl "Dianne Bondy is truly a leader in the yoga world. Her unwavering commitment to accessibility and inclusiveness is demonstrated perfectly in her new book, Yoga for Everyone. This is a great book for yoga teachers and yoga students of all levels. If you're intimidated by the conventional imagery of yoga, if you think yoga isn't for you, or if you're a teacher looking for tools to make the practice approachable for everyone, this book will be a valuable tool. Yoga is an ancient science of the soul, and Dianne's work aims to bring these universal teachings to different kinds of folks with the heart and wisdom that's a vital part of her contribution to the world." - Kino MacGregor, yoga instructor "Dianne is a force, a personal inspiration, and someone who knows her power and uses it to uplift others. Western yoga and wellness spaces are severely lacking safety and inclusion. Oftentimes, walking into those spaces can feel more marginalizing than healing. Dianne's book is full of resources

anybody can use-teacher or student-to create an accessible and welcoming space. The visual representation of diverse bodies and abilities provides a needed reminder that yoga is indeed for all of us. Thank you, Dianne!" - Dana Falsetti, yoga instructor

Possible Worlds, Artificial Intelligence, and Narrative Theory Marie-Laure Ryan 1991 In this important contribution to narrative theory, Marie-Laure Ryan applies insights from artificial intelligence and the theory of possible worlds to

the study of narrative and fiction. For Ryan, the theory of possible worlds provides a more nuanced way of discussing the commonplace notion of a fictional "world," while artificial intelligence contributes to narratology and the theory of fiction directly via its researches into the cognitive processes of texts and automatic story generation. Although Ryan applies exotic theories to the study of narrative and to fiction, her book maintains a solid basis in literary theory and makes the formal models developed by AI researchers accessible to the student of literature. By combining the philosophical background of possible world theory with models inspired by AI, the book fulfills a pressing need in narratology for new paradigms and an interdisciplinary perspective.

Sweet and Low Nick White 2018-06-05 NAMED ONE OF THE MOST ANTICIPATED BOOKS OF SUMMER 2018 BY O Magazine, Entertainment

Weekly, New York Post, The Millions, Southern Living, POPSUGAR, The Wall Street Journal, Chicago Review of Books Praised by the Washington Post as "Tennessee Williams . . . transposed to the twenty-first-century South," Nick White returns with a stunning short-story collection that tackles issues of masculinity, identity, and place, with a sharp eye for social commentary and a singular handling of character. At first glance, the stories in *Sweet and Low* seem grounded in the everyday: they paint pictures of idyllic Southern landscapes, characters fulfilling their roles as students, wives, boyfriends, sons. But they are not what they seem. In these stories, Nick White deconstructs the core qualities of Southern fiction, exposing deeply flawed and fascinating characters--promiscuous academics, aging podcasters, woodpecker assassins, and lawnmower enthusiasts, among others--all on wildly compelling quests. From finding an elusive bear to locating a prized timepiece to

making love on the grave of an iconic writer, each story is a thrilling adventure with unexpected turns. White's honest and provocative prose will jolt readers awake with its urgency.

Wallet Activism Tanja Hester 2021-11-16 How do we vote with our dollars, not just to make ourselves feel good, but to make a real difference? *Wallet Activism* challenges you to rethink your financial power so can feel confident spending, earning, and saving money in ways that align with your values. While we call the American system a democracy, capitalism is the far more powerful force in our lives. The greatest power we have—especially

when political leaders won't move quickly enough—is how we use our money: where we shop, what we buy, where we live, what institutions we entrust with our money, who we work for, and where we donate determines the trajectory of our society and our planet. While our votes and voices are essential, too, *Wallet Activism* helps you use your money for real impact. It can feel overwhelming to determine “the right way” to spend: a choice that might seem beneficial to the environment may have unintended consequences that hurt people. And marketers are constantly lying to you, making it hard to know what choice is best. *Wallet Activism* empowers us to vote with our wallets by making sense of all the information coming at us, and teaching us to cultivate a more holistic mindset that considers the complex, interrelated ecosystems of people and the planet together, not as opposing forces. From Tanja Hester, Our Next Life blogger and author of *Work Optional*, comes the mindset-shifting guide to help you put

your money where your values are. *Wallet Activism* is not a list of dos and don'ts that will soon become outdated, nor does it call for anti-consumerist perfection. Instead, it goes beyond simple purchasing decisions to explore:

- The impacts a financial decision can have across society and the environment
- How to create a personal spending philosophy based on your values
- Practical questions to quickly assess the "goodness" of a product or an entity you may buy from
- The ethics of earning money, choosing what foods to eat, employing others, investing responsibly, choosing where to live, and giving money away

For anyone interested in leaving the world better than you found it, *Wallet Activism* helps you build habits that will make your money matter.

Destination Brands Nigel Morgan 2012-05-23

effort to differentiate themselves and emotionally connect with potential tourists. It asks whether tourist destinations get the reputations they deserve and uses topical case studies to discuss brand concepts and challenges. It tackles how place perceptions are formed, how cities, regions and countries can enhance their reputations as creative, competitive destinations, and the link between competitive identity and strategic tourism policy making.

Improvising Cinema Gilles Mouëllic 2013
This spirited volume explores the history and diversity of improvisation in the cinema, including works by Jean Renoir, Jean-Luc Godard, and Nobuhiro Suwa. Gilles Mouëllic examines improvisational practices that can be specifically attributed to the cinema and argues in favor of their powers as instigators of unprecedented forms of expression. *Improvising Cinema* reflects both on the permanence of

attempting improvisation and the relationship between technology and aesthetics. Moullin concludes preservation becomes even more invaluable in the case of improvisation, as the creative act exists only within the brief time span of the performance.

Be Kind, Be Calm, Be Safe Dr. Bonnie Henry
2021-03-09 From the BC doctor who has become a household name for leading the response to the pandemic, a personal account of the first weeks of COVID, for readers of Sam Nutt's *Damned Nations* and James Maskayk's *Life on the Ground Floor*. Dr. Bonnie Henry has been called "one of the most effective public health figures in the world" by The New York Times. She has been called "a calming voice in a sea of coronavirus madness," and "our hero" in national newspapers. But in the waning days of 2019, when the first rumours of a strange respiratory ailment in Wuhan, China began to trickle into her office in British Columbia, these

accolades lay in a barely imaginable future. Only weeks later, the whole world would look back on the previous year with the kind of nostalgia usually reserved for the distant past. With a staggering suddenness, our livelihoods, our closest relationships, our habits and our homes had all been transformed. In a moment when half-truths threatened to drown out the truth, when recklessness all too often exposed those around us to very real danger, and when it was difficult to tell paranoia from healthy respect for an invisible threat, Dr. Henry's transparency, humility, and humanity became a beacon for millions of Canadians. And her trademark enjoinder to be kind, be calm, and be safe became words for us all to live by.

Coincidentally, Dr. Henry's sister, Lynn, arrived in BC for a long-planned visit on March 12, just as the virus revealed itself as a pandemic. For the four ensuing weeks, Lynn had rare insight into the whirlwind of Bonnie's daily life, with its moments of agony and gravity as well as its

occasional episodes of levity and grace. Both a global story and a family story, *Be Kind, Be Calm, Be Safe* combines Lynn's observations and knowledge of Bonnie's personal and professional background with Bonnie's recollections of how and why decisions were made, to tell in a vivid way the dramatic tale of the four weeks that changed all our lives. *Be Kind, Be Calm, Be Safe* is about communication, leadership, and public trust; about the balance between politics and policy; and, at heart, about what and who we value, as individuals and a society. The authors' advance from the publisher has been donated to charities with a focus on alleviating communities hit particularly hard by the pandemic: True North Aid with its Covid-19 response in Northern Indigenous communities, and First Book Canada, with its focus on reading and literacy for underserved, marginalized youth.

Two Nails, One Love Alden M Hayashi
2021-09-16 *Two Nails, One Love* opens in New

York City with the narrator-Ethan Taniguchi, a Japanese-American gay man in his early forties-awaiting the arrival of his mother from Hawaii. The two have been estranged for more than a decade, and the reunion is fraught with past grievances bubbling to the surface. After a fateful ferry ride to the Statue of Liberty, Ethan's mother reluctantly reveals details of her shattered childhood-her family's imprisonment in a concentration camp in Arkansas in World War II, followed by a deportation to Japan, where she witnesses the atomic bombing of Hiroshima. Ethan's past is also revealed-painful memories of a forsaken career in music and a delayed coming out at the height of the AIDS epidemic. Eventually, both mother and son come to understand the complex and subtle ways that their lives are intertwined, with the past reverberating powerfully through the present.

Arctic tourism in times of change: Seasonality
Rantala, Outi 2019-05-03 The seasonal nature of tourism is increasingly receiving the attention of various actors: tourism destination planners and economic development strategists at all levels, tour operators and the diverse businesses that significantly depend on tourism, and the host communities who negotiate tourism's potential to have both positive and negative impacts. The research report at hand identifies and discusses four main perspectives on the issues of seasonal tourism in the Arctic: local community perspectives; employment and workforce issues; the Arctification of northern tourism; and global environmental change. These themes form the key issues around which the challenges and opportunities related to seasonality of tourism can be placed and worked with. Based on the discussion, the report outlines recommendations related to developing a thriving and sustainable tourism sector in Arctic Europe.

Using data from interviews and observations, Nicole Willms explores the interplay of social forces and community dynamics that have shaped this unique context of female athletic empowerment.
